

Implants in the Esthetic Zone and Management of Soft Tissues: Contemporary Concepts

11 – 12 July 2019

*Dr. Bruno Negri DDS, MSc, PhD**

Time	Activity	Location
10.07.2019		
	Individual arrival	Park Hotel Winterthur
11.07.2019		
08.15	Pick-up at Park Hotel	Bus is parked on the back side of the hotel
08.30	Arrival and Registration	Lobby
08.45	Welcome and Introduction	Auditorium
09.00	<p>Theory</p> <ul style="list-style-type: none"> Minimally invasive surgery in the esthetic zone. MIST Concept. Wound tissue healing. Regenerative process. Incision and flap designs. Suturing techniques. Subepithelial Connective Tissue Grafts. Epithelialized Connective Tissue Grafts. When, How and Why? Hard and soft tissue defect reconstruction in the esthetic zone. Contemporary Guided Tissue Regeneration Concepts. 	Auditorium
09.45	<p>Hands-On I</p> <ul style="list-style-type: none"> Incisions and flap designs. 3D implant placement. Suture techniques. Subepithelial connective tissue graft harvesting techniques and clinical indications. Epithelialized connective tissue grafts, punch harvesting techniques and clinical indications. 	Laboratory
12.30	Lunch	Restaurant Cullinarium

13.15	Theory <ul style="list-style-type: none"> • Socket and ridge preservation procedures. • Immediate implant placement. Clinical indications. • Soft tissue management in the esthetic zone. 	Auditorium
14.00	Hands-On II <ul style="list-style-type: none"> • Tooth extraction and socket preservation procedures, xenograft bone. Handling and socket seal technique. • Tooth extraction and immediate implant placement, xenograft bone handling and subepithelial connective tissue grafting technique. 	Laboratory
15.30	Coffee break	Cafeteria
15.45	Hands-on III Immediate provisional and anatomical emergence profile preparation. Soft tissue adaptation and peri-implant architecture concepts. Healing abutment indications.	Laboratory
17.00	End of course day	
17.15	Transfer to Park Hotel	In front of Zimmer Biomet Institute
19.30	Group Dinner	Restaurant Bloom @ Park Hotel Stadthausstrasse 4 8400 Winterthur

12.07.2019

08.00	Pick-up at Park Hotel	Bus is parked on the back side of the hotel
08.15	Theory <ul style="list-style-type: none"> • Early implant placement. • Contemporary concepts. • Extended edentulous spaces, multiple and adjacent implants. • Pontic management. • Second stage surgery procedures. 	Auditorium
9.30	Coffee break	Cafeteria
09.45	Hands-On I <ul style="list-style-type: none"> • Early Implant placement and guided bone regeneration procedure. Subepithelial connective tissue graft and palatal sliding flap procedures. • Second stage surgical procedures. Modified rolling technique, envelope and pouch techniques. Palatal sliding flap and soft tissue augmentation procedure. 	Laboratory

12.30	Lunch	Restaurante Culinarium
13.15	<p>Theory</p> <ul style="list-style-type: none"> • Impression techniques in the esthetic zone. Healing abutment selection. • Emergence profile management. Impression abutment customization. 	Auditorium
14.00	<p>Hands-On II (15 min coffee break included)</p> <p>Customized healing abutment preparation. Delayed provisional restorations and soft tissue profile management. Multiple customized abutment impression technique.</p>	Laboratory
17.00	End of course day	
17.15	Individual departure or transfer to Zurich Airport	In front of Zimmer Biomet Institute

"All hands on training will be conducted on simulated patients."

"Zimmer Dental Inc. and Biomet 3i, LLC manufacture and distribute products discussed in this course.

This course is designed to present a fair and balanced view of all options.

Participants must always be aware of the hazards of using limited knowledge and integrating new techniques or procedures into their practice. Only sound evidence-based dentistry should be used in patient therapy."

EDU1034 Rev. 12/2018
